

With It's Me 247 Online Banking, you can keep in touch with your credit union accounts any time, from any place life takes you! If you have a computer and a connection to the Internet, you can use It's Me 247 Online Banking to check balances, transfer money, and stay connected with your credit union accounts around the clock.

Why It's Me? Because it's your credit union! You are a member ... you are an owner. Whether you visit the credit union online or in a branch lobby, we want you to see yourself reflected in the credit union. With built-in security and personalization features, It's Me 247 Online Banking lets you access your accounts, your way.

**TIPS FOR FIRST-TIME USERS**

The first time you log in to your accounts in It's Me 247 Online Banking, you'll need to enter your account number and temporary password. Your temporary password will be assigned by the credit union. You'll be required to change that to a permanent password in order to finish logging in the first time.

- To keep your accounts secure, choose a password that is easy for you to remember but difficult for others to guess.
- Don't use a birth date, or a child's or pet's name. Instead, use a combination of letters and numbers, or add symbols, or use a combination of uppercase and lowercase letters to make it more difficult for someone to guess.
- Never write down your password or share it with others!
- Look for other tips on choosing a secure password when you log in for the first time.

After you log in, you'll be asked to provide answers to three Security Questions that you get to choose. If you forget your password later, you'll just need to answer these questions and online banking will help you set up a different password and get logged in.

**PERSONAL INTERNET BRANCH (PIB) PROFILE**

If you'd like you may set up your Personal Internet Branch (PIB) Profile. A PIB Profile is a set of security controls that define exactly how It's Me 247 Online Banking will behave for you. Think of It's Me 247 Online Banking as your own personal branch. Then think of your PIB Profile as the security company you've hired to watch over the branch for you.

To put it another way, it is your way of telling It's Me 247 Online Banking: "This is who I am and how I like to do things. If someone tries to access my accounts and they behave outside of those rules, it should raise a red flag to It's Me 247 Online Banking that it's probably not me!"

With your own PIB Profile, you can personalize what features and transaction types will be available, add confirmation codes for certain transactions, and much more.

Your credit union makes it easy to control exactly how you want It's Me 247 Online Banking to work for you ... by setting up your own online credit union branch! And you call the shots on how - and when - you want to access your branch!

To set up your PIB Profile just click on the "Manage My Security" tab in your It's Me 247 Online Banking account to get started.

**E-STATEMENTS**

You can view your statements online as a PDF in It's Me 247 Online Banking and if you'd like you may save your e-Statements to your computer for your records.

e-Statements are ...

- Safer. There's no paper statement for identity thieves to find in your mailbox.
- Convenient. You can view, print and save your statements 24 hours a day, seven days a week.
- Faster. Your statement will be available online within the first few days of the month.
- Free to all members.

*Note: Online banking is only available with e-Statements. If you prefer to receive a paper statement in the mail you will not have access to online banking.*
